

DOWNTOWN REVITALIZATION STRATEGY INVITATION TO PUBLIC OPEN HOUSE & VISIONING WORKSHOP

"What does downtown Bradford mean to you?" "What would you like it to be?" "Where is the downtown?"

Not too long ago, downtown Bradford was the shopping, social and cultural centre of the town. Today, despite the great efforts of many, downtown is struggling to maintain a significant role within the community.

Council has committed to develop a plan that leads to the revitalization of the downtown core, and restore it to its rightful place as the heart of Bradford West Gwillimbury.

We need your help to shape that plan and establish a vision of what the downtown should become. Please join us on **Thursday, June 24th, 7:00 PM** at the **Bradford & District Memorial Community Centre** to:

- view and discuss a gallery of downtown images;
- hear a presentation on the scope and purpose of the study; and
- participate in a hands-on activity during which attendees can share stories and map out their ideas, suggestions and aspirations for the downtown core.

***Please join us on June 24th and contribute towards shaping the future of downtown Bradford.
All are welcome! All comments are appreciated! All opinions are valued!***

For additional information, please contact Geoff McKnight, Director of Planning & Development Services at (905) 775-5369 ext. 1401 or gmcknight@townofbwg.com
